NOTES:

- Sink sizes can vary up to 1/8 of an inch. All sink cutouts should be verified with the sink upon purchase.
- Cabinet sizes are typically listed as outside dimensions, therefore approximately 1 1/2" (3/4" on each side) should be removed when considering sink options.
- Please refer to our warranty, guide to care and maintenance and installation sections of this catalogue for more information on all of our products and services.
- We encourage you to visit our website for links to our sink specifications and/or DXF files.
